

A man wearing a blue hard hat and a light-colored shirt is shown in profile, looking upwards. He is standing in front of a city skyline at dusk or night. Several tall skyscrapers are visible, with many windows illuminated with warm yellow light. The sky is a deep blue with some light clouds. The overall mood is professional and aspirational.

COMPANY PROFILE

KEJIME | GENERAL TRADING LLC

KEJIME
GENERAL TRADING LLC

GENERAL TRADING LLC

INTRODUCTION

KEJIME is a strategic partner in building the UAE's sustainable future. Our innovative products and smart procurement solutions are designed to deliver tangible progress towards the nation's Green Agenda 2030, Water Security Strategy, and Net Zero 2050 goals.

OUR GOAL

Driven by innovation and excellence, our goal is to deliver high-quality products and create long term value for our customers. We strive to maintain strong partnerships with our trusted manufacturers to ensure that all our products meet the highest quality standards. Our sourcing process involves rigorous checks at every stage to guarantee the authenticity and reliability of each product. We are committed to delivering only superior quality goods to our customers

OUR MISSION

To empower UAE industry with innovative, sustainable supply solutions that drive project success and directly contribute to the UAE's Vision 2030 and Net Zero 2050 objectives.

OUR VISION

To be the essential partner for building the UAE's future, recognized for supplying products that advance national progress, sustainability, and resilience.

SUSTAINABLE SOLUTIONS

We focus on technologies that provide clear, measurable impact

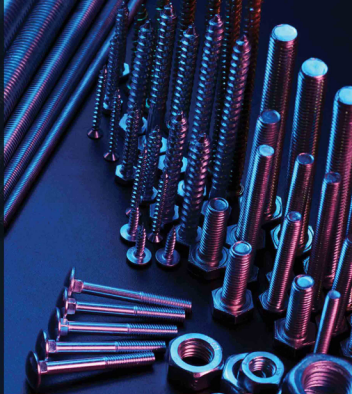

- **Maximizing Resource Efficiency** : Reducing water waste and energy consumption.
- **Enabling a Circular Economy** : Turning industrial by-products into valuable resources.
- **Building Smart, Healthy Infrastructure** : Improving air quality and operational efficiency.

By choosing KEJIME, you invest in high-performance materials that support both your project's success and the UAE's visionary national pillars.

01 BUILDING & HARDWARE MATERIALS

- Structural steel & reinforcement bars
- Cement, concrete & masonry products
- Heavy-duty industrial fasteners
- Professional power tools & hand tools
- Waterproofing & insulation systems
- Industrial plumbing & drainage
- Safety equipment & PPE
- Scaffolding & formwork accessories

02 ELECTRICAL MATERIALS & SYSTEMS

- Industrial power cables (LV/MV/HV)
- Cable trays & management systems
- Switchgear & distribution boards
- Industrial lighting fixtures
- Transformers & generators
- Earthing & lightning protection
- Automation & control components
- Cable glands & lugs

03 OIL & GAS SOLUTIONS

- **Explosion-Proof Materials:** Ex-proof lighting, junction boxes, control stations, cable glands, hazardous area plugs/sockets.
- **Container Solutions:** DNV 2.7-1 offshore containers, standard & modified containers, refrigerated units, custom fabrication.
- **Pipeline & Processing:** Steel pipes, flanges, valves, fittings, heat exchangers, separators, pumps, compressors.
- **Safety & PPE:** Fire extinguishers, helmets, gloves, protective clothing.

04 SUSTAINABLE & SMART SOLUTIONS

(Launching soon)

We are developing innovative technologies to support UAE Vision 2030, the Green Agenda, and Net Zero 2050.

- Focus Areas: Water security & recovery, clean energy optimization, waste-to-resource systems, smart building management.
- Stay tuned for our official launch. Contact us for partnership inquiries.

SPECIALIZED HIGH-SPEC PIPELINE SUPPLY

We supply and finish critical pipeline components to exacting project specifications.

- M.S. 20" PIPE DRL SCH.40 CARBON STEEL
Grades: API 5L Gr.B / A106 Gr.B / A53 Gr.B / X42 SMLS
- M.S. 20" BUTTWELD CAP SCH.40 CARBON STEEL
o Custom-fabricated for high-pressure systems.

STANDARD ADVANCED PROTECTION

All components feature Hot Dip Galvanizing (HDG) certified to BS EN ISO 1461:2009 / ASTM A123, guaranteeing a flawless, high-adhesion coating free of defects for maximum corrosion resistance in harsh environments.

INDUSTRIAL PROCUREMENT SERVICES

A full spectrum of sourcing and supply chain solutions designed for industrial excellence

01 Procurement Consulting Strategic planning & analysis

Our consultants work with you from project inception, providing detailed material take-offs, cost estimation, and procurement strategies tailored to your project timeline and budget.

02 Professional Sourcing Global vendor network

We leverage our extensive global network to source hard-to-find industrial materials, explosion-proof equipment, and specialized construction products. We negotiate directly with manufacturers to ensure the best value.

03 Logistics & Delivery End-to-end supply chain

From factory floor to your project site, we handle all logistics including freight forwarding, customs clearance, and specialized transport for heavy or hazardous materials across the GCC.

05 Quality Assurance Compliance & certification

Rigorous quality control processes ensure all materials meet international standards (ISO, ASTM, BS, DNV). We provide full traceability and documentation for every item supplied.

04 Installation Support Technical field assistance

Our technical support doesn't end at delivery. We provide on-site guidance for complex installations, ensuring products like Ex-proof equipment are installed according to safety standards.

06 Framework Agreements Reliable long-term supply

We offer structured framework agreements for ongoing projects, guaranteeing fixed pricing, priority stock allocation, and dedicated account management for seamless operations.
